Re: Order pursuant to 42 U.S.C. Section 9606; Order No.  
91-14

Dear Mrs. Benum:

I am enclosing with this letter an order, issued today by the United States Environmental Protection Agency (EPA), to abate an endangerment to public health or welfare or the environment at the property bounded by U.S. Highway 50, Douglas Street, River Road, and the Dayton park, in Dayton, Nevada (the "Site"). The enclosed order is issued to the State of Nevada Department of Transportation, Mr. Benum and yourself.

You should also be aware that due to the immediate threat posed by the release of hazardous substances at the Site, the EPA is not using the special notice procedures set forth in section 122(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended; 42 U.S.C. Section 9622(e).

If you have any questions regarding the Order or the work to be done under the Order, please contact Robert Mandel at (415) 744-2290, or have your attorney contact Michael B. Hingerty of the Office of Regional Counsel at (415) 744-1315.

Sincerely,

Jeff Zelikson, Director  
Hazardous Waste Management Division
